Using the Super Power Decoding Words Mini Bulletin Board

Place the Super Power Decoding Words Mini Bulletin Board posters on a bulletin board or at a reading center to remind students how to decode unknown words in their reading. Provide students with copies of the reproducible checklist [page 3] to place in their reading journals.

Activities

Super Scavenger Hunt Place students in seven small groups. Assign each group a word-decoding skill. Each group should discuss and review the decoding skill displayed on their poster. Allow time for students to look through books and magazines for unknown words. Each group should practice using their assigned skill to decode the unknown words. Have the groups trade posters after a predetermined amount of time. Repeat the activity several times until all of the groups have practiced all seven skills.

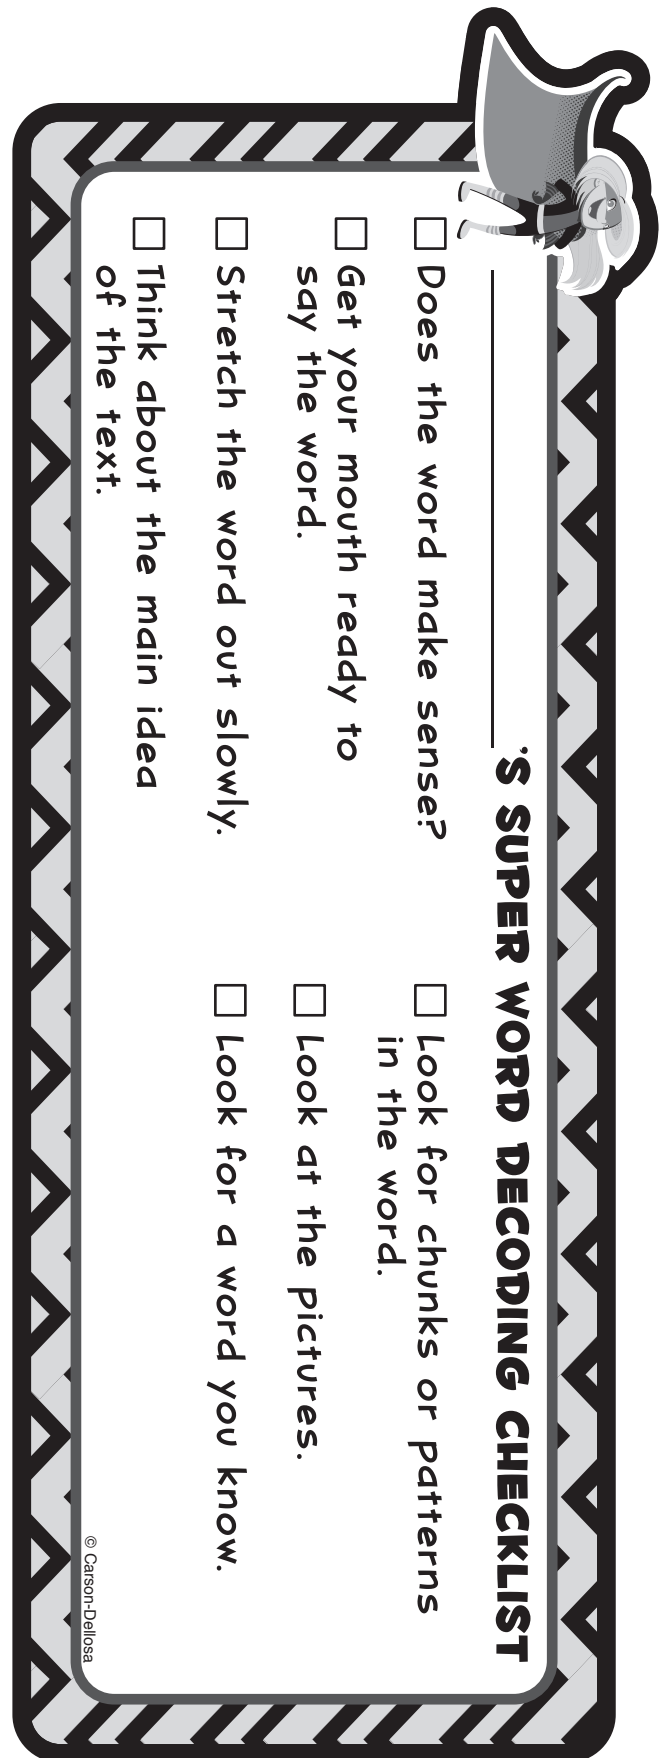

Superhero Stories Have each student choose a superhero from the Super Power Decoding Words Mini Bulletin Board to write a short story about. Display the completed stories around the bulletin board.

Team Up! Place students with reading partners. Provide books and magazines for the teams to read. Have the teams use their Super Word Decoding Checklists [page 3] to check off the decoding strategies they used while reading.

Powerful Motivation Motivate students to use the word-decoding strategies by posting the strategies on a wall or bulletin board. Below each poster, display pieces of poster board labeled with students' names. At the end of each day, place a sticker next to each student's name to indicate which word-decoding strategies she exhibited.

Super Rewards Use the reproducible bookmark or badge [page 4] to reward students when they use the word-decoding skills that are listed on the Super Power Decoding Words Mini Bulletin Board.
