

# States of Matter Sorting Activity

## Grade:

2<sup>nd</sup>

## Subject Area:

Science

## National Standard:

N/A

## Items Used for This Project:

Lime File Folder Storage Pocket Chart (CD-158565)

Boho Birds File Folders (CD-136007)

Multicolored Lined Word Strips (CD-4455)

Paper Bag

Flash Cards and/or Picture Cards

## Directions:

Use Multicolored Lined Word Strips to label 3 pockets: *Solid*, *Liquid*, and *Gas*.

Place file folders in each of those pockets.

Place picture flash cards and/or pictures of different types of matter into the paper bag.

## Instructions for Use in the Classroom:

Have students select a picture from the bag and place into the appropriate file folder. After students have finished sorting the pictures, they can complete a worksheet, which includes the definition of each state of matter and asks for examples of each.
