Are you ready for a tech timeout? The sections in this book have lots of ideas for activities that don't involve computers, smartphones, or TVs. Each activity provides plenty of screen-free fun.

As you go through this book, keep an eye out for red letters and this bird scattered through the pages. You can keep track of them to complete activities at the end of the "Solve It" and "Find It" sections!

Create It

Get creative! You'll have a chance to glue, tape, draw, paint, snip, tear, and stack to complete a craft project. You may want to ask your parents to stock up on some of the following items that will be needed for this section: paper (including heavy paper, such as cardstock), colored construction paper, a roll of butcher paper or brown craft paper, crayons or markers, glue, tape (including masking tape or blue painter's tape), scissors, craft sticks, paint, brushes, cotton balls, stones, bubble wrap, yarn, and decorative stickers.

Solve It

The activities in this section require little more than a pencil and your brain. Many of the puzzles put your knowledge of words, numbers, and critical thinking to the test. Other puzzles require a keen sense of observation.

Find It

The hunt is on! Whether indoors, outdoors, or on the page, these activities will have you focused on tasks that require looking, finding, and collecting.

Play It

Time to get up and get moving! This section is filled with exercises and other physical activities to get your heart rate up and burn off energy. Whether it's running, hopping, dancing, or stretching, you are sure to get a healthy workout.

Design a Tee

Make a T-shirt that features your own artwork!

What You Need

- a 100% cotton T-shirt in white or a light color
- crayons
- wax paper
- an iron
- an adult's help

What You Do

- 1. Make sure you have a parent's permission to use the shirt.
- 2. Draw a picture or a design on the shirt.
- 3. Place a piece of wax paper over your design.
- **4.** Have an adult iron the wax paper for about half a minute on the cotton setting.
- 5. Your shirt is done, and the design is permanent!

These T-shirts make a great gift. You can make ones with a theme for a friend (sports, horses, nature) or just draw a special picture for a parent or grandparent.

Found in Space

Read each riddle. Then, write the answer using one of the scrambled words from the word box.

- 1. This huge star lights the day. ____ ___
- **2.** These shine at night. ____ __ ___ ____
- **3.** These are on the Moon. ____ ___ ___ ___ ___ ____ ____
- **4.** This is our home planet. ____ ___ ___ ___
- **6.** This planet is red. ____ ___ ___
- **7.** This planet has rings. ____ ___ ___ ___ ____
- 8. Astronauts do this in space. ____ ___ ____

tlfoa nuS htlesut srast rEath nruSat rMas erscrat

What's Different?

Can you spot the 10 differences in these two pictures?

Ring Toss

You can make your own ring toss game with some paper plates and a paper towel roll.

First, glue the empty paper towel roll onto a paper plate so it is standing straight up.

Next, cut out the inside part of several paper plates. Leave about 2 inches around the outside. These are the rings you will toss.

Let the game begin! Toss the rings onto the paper towel roll. Score a point each time you ring the paper towel roll.

If you find the game too easy, move farther away. If the game is too hard, move a bit closer.
