New Teacher Resources

Like to Write: <http://www.liketowrite.com>

This website is a resource for people passionate about helping students write well.

Like to Read: <http://www.liketoread.com>

This website is a compilation of lesson plans and tips for reading. These ideas were created from playing around with proficient reader research.

Two Writing Teachers: <https://twowritingteachers.wordpress.com>

This website is completely devoted to “teaching kids to write and catching minds in the midst.”

Burkins and Yaris: <http://www.burkinsandyaris.com>

This website is filled with practical information about Common Core standards and best practices for 21st century literacy.

Edutopia: <http://www.edutopia.org>

This website has blogs and articles related to project-based learning, comprehensive assessment, integrated studies, teacher development, technology integration, and more.

Math Coach’s Corner: <http://www.mathcoachscorner.com>

This website is full of useful resources and information related to best practices for math instruction.

Carson-Dellosa Publishing: <http://www.carsondellosa.com>

This website provides supplemental educational products for educators, parents, and students around the globe. The company’s teacher-developed products and resources are thoughtfully designed to meet children’s diverse learning needs.

Education Resource Group specializes in classroom coaching for building teacher effectiveness and raising student achievement. View the ERG website at www.myedresource.com
